

drylin® flanged lead screw nuts for linear modules

SHT-2018 left-hand thread

SHT-2018-TRM-18X4-LH

Product description

Discover the drylin flanged lead screw nuts designed for linear modules SHT-2018 with a left-hand thread. These durable components ensure smooth and reliable motion, making them ideal for various applications. Experience precision engineering and enhanced performance with this essential addition to your linear systems. Elevate your projects with the trusted quality of drylin.

Requirements

Mould-resistant according to DIN EN ISO 846 Procedure A	No
---	----

Dimensions

Thread size	TR18X4
