

Split adjusting ring for square profiles

SRM-20X20-V-KS-GT

Split adjusting ring for square profiles

- Simple assembly
- For square profiles
- Stainless steel screws and nuts
- Very light and cost-effective

Product description

Introducing the igubal SRM SQ GT adjusting ring, designed specifically for square profiles. This innovative two-part ring simplifies installation with its pre-assembled design and includes captive stainless steel bolts and nuts for easy handling. Made from igumid G, it boasts excellent corrosion and wear resistance, functioning effectively in temperatures from -40°C to +120°C. Lightweight and cost-effective, this adjusting ring is the perfect solution for secure axial support.

Mechanical properties

Max. axial static load, short-term	650 N
Max. axial static load, long-term	325 N
