TW-02-20

drylin® T guide carriage TW-02

- drylin® T linear carriage of the series 02 Heavy Duty
- Robust design for extreme applications
- Easy installation
- Captive sliding elements
- Preset bearing clearance
- Material: aluminium housing, stainless steel cover, iglidur® J2 slider

Product description

Introducing the drylin® T guide carriage TW-02 from the Heavy Duty series, designed for extreme applications. Its robust aluminium housing and stainless steel cover ensure durability under high loads. Enjoy hassle-free installation with the innovative captive sliding elements that prevent slipping, guaranteeing consistent precision. Plus, the preset bearing clearance enhances performance. Experience reliability and strength with the TW-02, perfect for demanding environments.
