Product description

Introducing the drylin flange lead screw nut with spanner flat, part of the drylin family by igus. Crafted from high-performance iglidur W300 material, this nut is designed for heavy-duty applications, offering exceptional wear resistance under high loads. Its trapezoidal thread ensures reliable performance, while the spanner flat design allows for easy installation. Enjoy a lubrication-free and maintenance-free experience, making it ideal for various demanding environments. Durable and robust, it withstands temperatures from -20°C to +150°C.
