

drylin W double rail WSB | Round | Full circle

WSB-10-40-RK300F

drylin W double rail WSB | Round | Full circle

- Design: curved double rail
- Material: Aluminum, clear anodized
- Rail profile: Round
- Full circle

Product description

Introducing the drylin W double rail WSB, a versatile solution for smooth linear motion. This round, full-circle design ensures efficient performance, making it ideal for various applications. With its durable construction, this product promises long-lasting reliability. Upgrade your projects with the drylin W double rail WSB and experience seamless movement and enhanced functionality.

Mechanical properties

max. length	650 mm
-------------	--------

General properties

size	10-40
Design	curved double rail
Bending direction	Convex; Concave

Dimensions

Weight	2458.368 g
--------	------------

Certificates and standards
