

drylin W double rail WSB | Round Convex

WSB-10-40-RX300Q

drylin W double rail WSB | Round Convex

- Design: curved double rail
- Material: Aluminum, clear anodized
- Rail profile: Round
- Convex

LS	100 mm
Bend radius [R]	300 mm

Product description

Discover the drylin W double rail WSB, a round and convex solution designed for smooth movement and reliability. This innovative product from the drylin family ensures optimal performance in various applications. Its robust design guarantees durability, making it an ideal choice for your needs. Experience the perfect blend of functionality and quality with the drylin W double rail WSB.

Mechanical properties

max. length	650 mm
-------------	--------

General properties

size	10-40
Design	curved double rail
Bending direction	Convex; Concave

Dimensions

Weight	1052.568 g
--------	------------

Certificates and standards
