

drylin® W end caps WSX-EC

WSX-063001-EC

drylin® W end caps WSX-EC

Product description

Introducing the drylin® W end caps WSX-EC, designed to protect hollow chambers from foreign particles. These easy-to-mount caps simply fold sideways for quick installation. They also serve as a cover for cutting edges, ensuring durability and safety. Ideal for maintaining the integrity of your systems, these end caps are a smart choice for any project. Choose drylin® for reliable protection and convenience.
