

Fill Drum Vent with 6 inch Flame Arrester

Product Images

Short Description

- Fill vent with 6" flame arrester
- FM Approved

Description

Safety fill vents and funnels fit the 2-in (51-mm) bung on a vertically-stored drum. The brass vent provides automatic pressure and vacuum relief, and includes a brass cap with safety chain tethered to the vent to prevent misplacement or loss. Remove cap during drum filling operations. Model no. 08211 includes a 9-in(229-mm) wide polyethylene funnel to facilitate solvent waste disposal and reduce spillage. Keep vent capped in closed position after filling operations to prevent flammable vapor from escaping. Six-inch (152-mm) flame arrester safely dissipates heat and prevents flashback from external ignition sources.

Specifications

Model No	08204
UPC	697841001190
Brand	Justrite
International Model No.	08204
Material Specifications	Brass
FM Approval	Yes
Flame Arrester, inch	6
Flame Arrester, mm	152
NPS/NPT inch	2
