

Brass Control Flow Lab Safety Faucet, 3/4-in NPT Bung

Product Images

Short Description

- Brass construction
- Safe and easy dispensing from horizontal drums
- FM Approved

Description

Simply place these faucets on your drum for leakproof dispensing of flammable liquids. Faucets feature an internal flame arrester that prevents flashback of fire into the drum for added safety. Brass construction with a polytetrafluoroethylene (PTFE) seal ensures excellent chemical resistance. Take the worry out of awkward spout position with adjustable models 08910 and 08916. They feature a coupling nut that provides rotation of the spout downward after the faucet is threaded in place. Use Model 08552 for viscous noncorrosive flammables such as adhesives, paint or heavy oils above 2000 SSU (about 30W oil).

Faucets are FM Approved.

Specifications

Model No	08540
UPC	697841001916
Brand	Justrite
International Model No.	08540
Material Specifications	Brass
Dimensions, Exterior	89mm H x 102mm W x 48mm D
FM Approval	Yes
Wetted O-Rings	PTFE
Internal Spout Thread	1/2 - 20 UNF
Flame Arrestor Material	Brass
Cover Type / Closure Type	Self Close
NPS/NPT inch	0.75
NPS/NPT mm	19
Net Weight, lbs	1.0
Net Weight, kg	0.5
