

10 Gallon Heated Jacket for Hughes Gravity Fed Eyewash - 10GFEW-BLKT

Product Images

Short Description

Key Benefits

- Insulated jacket offers both frost and heat protection of the 10-gallon OptiWash™

- The jackets are easily installed on the gravity fed eyewash, using hook and loop fasteners and drawstrings
- Eyewash easily activated by pulling on the orange activation arm down to the open position
- Helps maintain tepid water in warm climates
- Provides freeze protection in cold climates for limited durations

Description

An insulated jacket is the perfect accessory to help maintain a tepid temperature within the Hughes model 10GFEW OptiWash™ 10-gallon eye wash station. The jacket is best suited for locations where extreme heat or sun exposure could cause water to overheat, but also helps delay freezing in cold temperatures. Simple design makes it easy to put on or take off an existing Hughes model 10GFEW 10-gallon eye wash station. Eyewash sold separately.

Specifications

Model No	10GFEW-BLKT
Color	Gray
UPC	805042001622
Brand	Justrite
Liter Capacity	38
Net Weight, lbs	10
Net Weight, kg	4.53
Dimensions, Exterior	29" H x 19" W x 3" D
Dimensions, Exterior	736.6mm H x 482.6mm W x 76.2mm D
Material Specifications	PVC Coated Polyester
Activation Method	Pull Handle

Prop 65
