

Plastic Dolly with Handle, for 30, 55, 95 Gallon Drums - 1613

Product Images

Short Description

Key Benefits

- Poly push handle and 2 locking casters.

Description

The Eagle Drum Bogie is constructed of high density polyethylene (HDPE) and has a load capacity of 1,250 lbs. This mobile dispensing unit protects against incidental spills and leaks for 30, 55, and 95 gallon drums. The durable Drum Bogie resists corrosion, has five swivel casters for maximum stability, load capacity and maneuverability.
