

16 Gallon Heated Jacket for Hughes Gravity Fed Eyewash - 16GFEW-BLKT

Product Images

Short Description

Key Benefits

- Insulated jacket offers both frost and heat protection of the 16-gallon gravity fed eyewash

- The jackets are easily installed on the gravity fed eyewash, using hook and loop fasteners and drawstrings
- Eyewash easily activated by pulling down on the black activation arm to the open position
- Helps maintain tepid water in warm climates
- Provides freeze protection in cold climates for limited durations

Description

An insulated jacket is the perfect accessory to help maintain a tepid temperature within the gravity fed eye wash station. The jacket is best suited for locations where extreme heat or sun exposure could cause water to overheat, but also helps delay freezing in cold temperatures. Simple design makes it easy to put on or take off an existing Hughes model 16GFEW 16-gallon eye wash station. Eyewash sold separately.

Specifications

Model No	16GFEW-BLKT
Color	Gray
UPC	805042001646
Brand	Justrite
Liter Capacity	38
Net Weight, lbs	10
Net Weight, kg	4.53
Dimensions, Exterior	21" H x 26" W x 5" D
Dimensions, Exterior	533.4mm H x 660.4mm W x 127mm D
Material Specifications	PVC Coated Polyester
Activation Method	Pull Handle

Prop 65
