Product Images

Short Description

- Fire tested and FM Approved
- ADA compliant
- Large internal neck cavity minimizes clogging
- Galvanized steel bucket base
- Made with flame retardant polyethylene
- Tie-down notches for extra security in severe weather

Description

The Original Smoker's Ceasefire® Outdoor Ashtray in Terra Cotta (model 26800T) has a 4 gal (15 l) capacity for cigarette butts. It is made with sturdy flame-retardant polyethylene to avoid rusting, denting and cracking. The ashtray is 38.5 in (978 mm) in height and 16.5 in (419 mm) in base diameter, with a 1.5 in (38 mm) opening in the head to minimize non-cigarette litter. Its base also features tie down notches to allow for extra security and stability during severe weather conditions.

This ashtray is perfect for outdoor spaces, including entrances or smoking areas, and its slim style blends in with any establishment. It's self-extinguishing design safely collects cigarette butts to reduce fire risk and keeps cigarette litter out of view of the public eye.

The innovative internal drip lid prevents tar condensation from escaping the galvanized steel bucket and keeps the exterior clean, making maintenance a breeze even in environments with high humidity. In addition, its large head discourages other waste while offering a large area for smokers to deposit their cigarette butts, dissipating the heat from said butts and keeping the rain out.

For extra security or stability, an Anchoring Cable Kit with Padlock (model 268505) is also available as an optional purchase. Simply attach the 36 in (914 mm) wire rope around a railing or fence, then attach the cable end and padlock to a tie-down notch at the base.

To empty model 26800T, simply unscrew the back knob to lift the lid and access the pail. For extra convenience, use our optional disposable bucket liners made of aluminum/poly (model 26827), which can be easily twist-tied and thrown away once full.

Clean grounds can help maintain a great image for your business, and the Original Smoker's Ceasefire Outdoor Ashtray is perfect for keeping it that way.
