

1 Gallon, Wash Tank With Basket for Small Parts Cleaning, Self-Close Cover with Fusible Link, Steel, Red - 27711

Product Images

Short Description

- 1 gal (4 L) wash tank with parts basket to easily clean small parts
- Cover stays open for convenient access and self-closes in case of fire
- Available in red
- FM Approved & TUV Certified

Description

Use this sturdy, safe, and easily portable 1 gal (4 L) wash tank (model 27711), made of 24-gauge steel, to simply dip and rinse parts with combustible liquid solvents. A parts basket (model 27901) comes with the wash tank for cleaning smaller parts. A wash tank is particularly useful for volumes of work that do not warrant a larger rinse tank or a single large part.

This wash tank has an exterior height of 10 in (25.4 cm) and an outer diameter of 9.375 in (23.8 cm). Model 27711 is red and weighs 5.2 lb (2.4 kg). It is FM Approved and TUV Certified.

Safely cleaning parts are required across a wide variety of manufacturing, maintenance, repair, construction and lab sites including, but not limited to the steel, automotive, airline, agriculture, food, paper, and chemical industries.

To use, fill the wash tank with your cleaning solvent of choice, then place items in the parts basket. Use the handle to dip the basket into the wash tank, and remove it when done cleaning and rinsing.

Take note that the parts basket fits wash tanks and dip tanks with the same dimensions. However, the liquid capacities for the wash tanks and dip tanks differ because of the liquid displaced by the basket. For a replacement parts basket, use [Replacement Parts Basket for 2-Gallon Dip Tank & 1-Gallon Wash Tank, Steel - 27901](#).

Wash tank covers stay open for convenient access during cleaning operations. Always keep tanks closed when not in use. For added safety, there is a self-closing mechanism and fusible link that melts at 165°F (74°C) to snap the cover shut in case of fire.

Specifications

Model No	27711
UPC	697841010703
Brand	Justrite
International Model No.	27711
FM Approval	Yes
TUV Approval	Yes
