

5' x 6' x 6", 110 Gallon Spill Capacity, Mini Berm Flex Tray, Black - 28448

Product Images

Short Description

- **Durable Materials:** Robust geomembrane liner withstands petroleum products, acids, and harsh chemicals.
- **Reliable Design:** Sturdy foam walls and rigid corner supports provide strength and containment.
- **Compact and Portable:** Lightweight and easy to fold for simple storage and transport.
- **No Assembly Required:** One-piece construction allows for instant deployment.
- **Versatile Applications:** Ideal for parts cleaning, fluid transfer, and containment of hazardous materials.
- **Regulatory Compliance:** Helps meet EPA SPCC requirements for spill prevention.

Description

The Mini-Berm Flex Tray delivers safe and reliable spill containment for parts cleaning, fluid transfer operations, and handling harsh or hazardous chemicals. Made from durable modified PVC-coated fabric, these trays resist petroleum products, acids, and other corrosive substances. Designed for convenience and compliance, their one-piece construction requires no assembly. Their compact, foldable design makes them easy to transport and store. Sturdy foam walls and rigid corner supports ensure stability and effective containment, helping to meet EPA spill prevention regulations (SPCC).

Recommended Uses:

- Containing spills during parts cleaning operations involving oils, solvents, or chemicals.
- Providing secondary containment for fluid transfer activities with petroleum products or acids.

- Temporary spill control in workshops, laboratories, and maintenance facilities.
- Safely storing small containers, tools, or equipment that may leak hazardous materials.
- Catching drips and leaks from machinery during maintenance or repair tasks.
- Handling and containing spills from portable fuel tanks, batteries, or chemical containers.
- Offering quick response containment for minor leaks in industrial or commercial settings.
- Preventing spills during chemical mixing or dispensing processes.

Specifications

Model No	28448
UPC	697841157217
International Model No.	28448
Brand	Justrite
Color	Black
Material Specifications	Modified PVC coated fabric
EPA Compliance	Helps comply with EPA for containment and spill prevention (SPCC)
Capacity	110 gallon
Liter Capacity	416
Dimensions, Exterior	60" W x 6" H x 72" L
Dimensions, Exterior	1524mm W x 152mm H x 1829mm L
Dimensions, Interior	60" W x 6" H x 72" L
Dimensions, Interior	1524mm W x 152mm H x 1829mm L
Dimensions, Folded	8" W x 8" H x 62" L
	203mm W x 203mm H x 1575mm L
Net Weight, lbs	12.0
Net Weight, kg	5.4
