

Make-A-Berm, Straight Section, 1.5 inch High x 15 Feet Long - #28486

Product Images

Short Description

- Straight pieces can be linked together or combined with corners to create a complete containment solution.
- Ability to easily cut the berm pieces with a knife to fit the containment need.
- Contains spills and leaks around unique equipment situations.
- 1.5" and 2" are ideal for small to medium capacity containment needs.
- Semi- permanent, can easily be installed and removed.
- Durable bright yellow color for visibility.
- Flexible foam that bounces back allows for foot traffic and light wheeled traffic.
- Helps to comply with EPA for containment and spill prevention (SPCC) regulations.

Description

Make-A-Berm™ straight sections allows for spill containment to be installed around difficult to move equipment, spill-prone areas, or areas where a standard-shaped berm won't work. Connecting the straight pieces to each other and corner pieces gives you the ability to design the containment needed. The yellow PVC coated fabric gives good visibility in traffic areas and provides a highly resistant barrier to contain oils, gasoline, acids and other liquids.. Flexible foam inserts are crush resistant and return to their original shape with no memory loss after foot and hand truck equipment traffic.

Specifications

Model No	28486
UPC	697841270312
Brand	Justrite
Color	Yellow
Material Specifications	PVC Coated Fabric
EPA Compliance	Helps comply with EPA for containment and spill prevention (SPCC)
SPCC Compliance	40 CFR 112.7 (c)
Dimensions, Exterior	1.5" H x 4.5" W x 180" L
Dimensions, Exterior	38.1mm H x 114.3mm W x 4572mm L
Berm Shape	Halfmoon
Foam Material	Open Cell Urethane
Temperature range of the material	-40degreesF- 180 degrees F
Vehicle Traffic	Small wheeled carts, Hand carts

Prop 65
