- Max of 4 attachments per door (45/90 gal); 2 per door (30 gal)
- Easy to install or move
- Use **ONLY** on Utili-Guard+ flammable cabinets

Description

The optional Caulk Tube Attachment for Utili-Guard+™ flammable cabinets allows safe, organized storage of up to seven caulk tubes or similar items (2" diameter each) right on your cabinet door. Built from durable steel and measuring 3.4" high x 17.7" wide x 2.9" deep, this lightweight 1.9 lb accessory installs easily to your flammable cabinet's pre-installed door brackets—no tools required.

All door attachments for Utili-Guard+ flammable cabinets are fully interchangeable, so you can mix and match this caulk tube holder with aerosol can, spray bottle, or tray attachments to meet your exact workflow and storage needs. Expand adaptability beyond the factory configuration, maximize your shelf space, and keep essentials organized and always accessible.

Attachment and Installation Guidelines:

- [30-gallon Utili-Guard+ flammable cabinets](#): maximum 2 attachments per door, 17 lbs per door
- [45-gallon](#) and [90-gallon Utili-Guard+ flammable cabinets](#): maximum 4 attachments per door, 35 lbs per door
- For top attachment use, keep items at least 1.5" below the top edge of the door
- Ensure both brackets are straight and fully engaged by pushing downward
- If storing safety cans, position funnels toward the back or side to avoid interfering with door-mounted attachments

The Caulk Tube Attachment for Utili-Guard+ flammable safety cabinets provides instant organization and a clutter-free cabinet—making it easy to grab what you need fast and customize your storage as your needs evolve.

Need other door attachments for the Utili-Guard Cabinet to customize your workflow? Justrite supplies additional aerosol can attachments, spray bottle attachments, and tray attachments. Other accessories for this line include the [Tower Leg Kit](#) and [Skid Leg Kit](#).

Note: Door attachments are for usage with the Utili-Guard+ flammable cabinets ONLY. Other standard flammable cabinet models do not have the inner space to accommodate door shelves.
