

Seismic-Rated Anchor for Barricade Racks, Package of 1 - 35350

Product Images

Short Description

- For use with barricade style racks
- Listed for use in seismic zones A, B, C, D, E and F
- 2015 IBC Compliant

Description

Comprised of a high-strength threaded stud body, expansion clip, nut and washer, these seismic wedge type anchors are designed for unbroken concrete. Bodies are made of plated carbon steel, while the expansion clip consists of a split cylindrical ring with undercutting grooves. Package of 1.

Anchors are tested to ACI 355.2 and ICC-ES AC193.
