

1 Door, Manual Close, Mini Transportable Flammable Cabinet for Aerosols, Sure-Grip® EX, Yellow - 890200

Product Images

Short Description

- Ideal when space is limited
- Protect workers
- Reduce fire risks
- Meet safety codes
- Ten-year warranty

Description

Mini Safety Cabinets offer the smallest footprint for easy mobility on service vehicles, carts and maintenance trikes. Includes 3 bungee cords to keep contents in place during movement. These cabinets have all the great features and benefits of our classic cabinets as outlined below.

Protect workers, reduce fire risks, and improve productivity by storing flammable fuels and chemicals in code-compliant safety cabinets. Designed to meet OSHA and NFPA standards, Sure-Grip® EX cabinets are constructed of sturdy 18-gauge (1-mm) thick double-wall, welded steel with 1-1/2" (38-mm) of insulating air space for fire resistance. High-performance, manual-close, self-latching doors open to a full 180 degrees and close easily and securely for maximum protection under fire conditions when pushed shut. Fail-safe closing mechanism ensures three-point stainless steel bullet latching system works every time.

For added security, U-Loc™ handle comes with a cylinder lock and key set or accepts an optional padlock. Haz-Alert™ reflective warning labels are highly visible under fire conditions or during power outages when

illuminated with a flashlight.

Shelve adjust on 3" (76-mm) centers for versatile storage. Cabinets also feature a leakproof 2" (51-mm) bottom sump, four adjustable self-leveling feet, grounding connector and trilingual warning label. Durable lead-free epoxy/polyester powder-coat finish provides excellent chemical resistance.

All cabinets come with a ten-year warranty.

Specifications

Model No	890200
UPC	697841145030
Brand	Justrite
International Model No.	8902001
Color	Yellow
