

DynaLoc Type 3 Day Box Explosive Storage Magazine, Aluminum – AEL511

Product Images

Short Description

- Provides safe short-term transport of explosive materials
- Sturdy 0.10 aluminum construction with ½-inch plywood lining
- 24-lb. net weight and handles for easy portability
- Top-opening lid with required 1" overlap for easy access and security
- Meets ATF 27 CFR, Part 555 and OSHA 29 CFR, Part 1910 Requirements

Description

The Justrite DynaLoc AEL511 Type 3 Aluminum Day Box is a portable Type 3 Explosive Storage Magazine that provides strong and secure short-term transport of explosives and ammunition. The AEL511 is designed to meet and exceed ATF 27 CFR Part 555 and OSHA 29 CFR requirements. The magazine's superior 2-layer construction resists fire, weather, and unauthorized access for secure storage and peace-of-mind.

The magazine is constructed of 0.10 aluminum lined with 1/2" non-sparking plywood to reduce the risk of accidental ignition and support a safer storage environment. Its top-opening lid allows efficient loading and unloading. With interior dimensions of 8.5 x 13.5 x 16.5 inches, and weighing just 24 lbs. empty, the AEL511 provides excellent portability with Type 3 protection. For added security, it features a welded lock hasp.

Exterior and interior surfaces of the AEL511 are protected with a modified phenolic alkyd resin base coat and an acrylic alkyd enamel topcoat. This high-performance finish ensures chemical resistance and provides protection against abrasion, corrosion and UV damage.

Applications

The DynaLoc AEL511 is an ideal solution for a wide range of applications, including short-term transport for:

- Military and law enforcement explosives and ammunition
- Municipal explosive and ammunition logistics
- Contractor explosive transport
- K-9 training units

DynaLoc storage magazines ensure explosives are stored under the safest conditions possible.

The ATF specifies a commercial grade, case-hardened padlock with a minimum of 5 tumblers padlock for all storage magazines. Get our [96010125 ATF-compliant padlock](#).

NOTE: Explosive storage magazines will NOT contain a blast inside the unit. Explosive storage magazines work as a safeguard against theft and accidental detonation by improper storage and the environment.

Specifications

Model No	AEL511
UPC	850066616109
Brand	U.S. Chemical Storage
Color	Aluminum
Material Specifications	Aluminum
ATF Compliance	ATF 27 CFR, Part 555.208; ATF 27 CFR, Part 555 Subpart K
OSHA Compliance	Yes
Storage Type	Horizontal
Number of Doors	1
Dimensions, Exterior	9 inch H x 19.5 inch W x 14.63 inch D
Dimensions, Interior	8.5 inch H x 13.5 inch W x 11.5 inch D
Net Weight, lbs	24
DOT Code	49 CFR, Subtitle B, Chapter 1 18 USC, Part 842
Grounding required	No
Handle Type	.250 aluminum, welded, stationary handles
Placement	Short term transport only
Construction details	Weather-resistant, Bullet-resistant
Paint Details	Phenolic alkyd resin base coat and an acrylic alkyd enamel topcoat - UV and corrosion resistance
