

DynaLoc Type 2 Cap Box for Explosives, Red - EL481

Product Images

Short Description

- Provides safe indoor storage of blasting caps, detonating primers, and primed cartridges
- Durable 12-gauge steel construction with ½-inch plywood lining
- Top-opening lid with required 1" overlap for easy access and security
- No grounding required
- Meets ATF 27 CFR, Part 555 and OSHA 29 CFR, Part 1910 Requirements

Description

The Justrite DynaLoc Type 2 Cap Box Model EL481 provides strong and secure indoor storage for blasting caps, detonating primers, and primed cartridges. The EL481 offers superior 2-layer construction for peace-of-mind and is designed to meet and exceed ATF 27 CFR Part 555 and OSHA 29 CFR requirements. It resists fire and unauthorized access.

The box is constructed of 12-gauge steel lined with 1/2" non-sparking plywood to reduce the risk of accidental ignition and support a safer storage environment. Its top-opening lid allows efficient loading and unloading. For added security, the EL481 features a welded lock hasp cover. With interior dimensions of 17 x 15.5 x 15 inches, this cap box provides ample explosive storage yet still retains portability. Grounding is not required.

Exterior and interior surfaces of the EL481 are protected with a modified phenolic alkyd resin base coat and an acrylic alkyd enamel topcoat. This high-performance finish ensures chemical resistance and provides protection against abrasion and corrosion.

Applications

The EL481 is an ideal solution for a wide range of applications, including storage of blasting caps, detonating primers, and primed cartridges - which must be stored apart from other explosives. DynaLoc storage solutions ensure explosives are stored under the safest conditions possible.

The ATF specifies a commercial grade, case-hardened padlock with a minimum of 5 tumblers padlock for all storage magazines. Get our [96010125 ATF-compliant padlock](#).

NOTE: Explosive storage magazines will NOT contain a blast inside the unit. Explosive storage magazines work as a safeguard against theft and accidental detonation by improper storage and the environment.

Specifications

Model No	EL481
UPC	850066616079
Brand	U.S. Chemical Storage
Color	Red
Material Specifications	Steel
ATF Compliance	ATF 27 CFR, Part 555.208; ATF 27 CFR, Part 555 Subpart K
OSHA Compliance	Yes
Storage Type	Horizontal
Number of Doors	1
Dimensions, Exterior	18 inch H x 23 inch W x 23 inch D
Dimensions, Interior	17 inch H x 15.5 inch W x 15 inch D
Net Weight, lbs	115
DOT Code	49 CFR, Subtitle B, Chapter 1 18 USC, Part 842
Grounding required	No
Handle Type	Welded, stationary handles
Placement	Indoors only
Construction details	Weather-resistant, Bullet-resistant
Paint Details	Phenolic alkyd resin base coat and an acrylic alkyd enamel topcoat - UV and corrosion resistance
