

DynaLoc Type 3 Day Box Explosive Storage Magazine, Red - EL541

Product Images

Short Description

- Provides safe short-term transport of explosive materials
- Durable 12-gauge steel construction with 1/2-inch plywood lining
- Top-opening lid with required 1" overlap for easy access and security
- Resists fire, weather, and unauthorized access
- Meets ATF 27 CFR, Part 555 and OSHA 29 CFR, Part 1910 Requirements

Description

The Justrite DynaLoc Type 3 Explosive Storage Magazine Model EL541 provides strong and secure short-term transport of ammunition and explosives. The EL541 is designed to meet and exceed ATF 27 CFR Part 555 and OSHA 29 CFR requirements. The magazine's superior 2-layer construction resists fire and unauthorized access for safe storage and peace-of-mind.

The magazine is constructed of 12-gauge steel lined with 1/2" non-sparking plywood to reduce the risk of accidental ignition and support a safer storage environment. Its top-opening lid allows efficient loading and unloading. With generous interior dimensions of 17 x 46.5 x 16.5 inches, the EL541 provides ample explosive storage space. For added security, it features a welded lock hasp. Grounding is not required.

Exterior and interior surfaces of the EL541 are protected with a modified phenolic alkyd resin base coat and an acrylic alkyd enamel topcoat. This high-performance finish ensures chemical resistance and provides protection against abrasion, corrosion and UV damage.

Applications

The DynaLoc EL541 is an ideal solution for a wide range of applications, including short-term transport for:

- Military and law enforcement explosives and ammunition
- Municipal explosive and ammunition logistics
- Contractor explosive transport
- K-9 training units

DynaLoc storage magazines ensure explosives are stored under the safest conditions possible.

The ATF specifies a commercial grade, case-hardened padlock with a minimum of 5 tumblers padlock for all storage magazines. Get our [96010125 ATF-compliant padlock](#).

NOTE: Explosive storage magazines will NOT contain a blast inside the unit. Explosive storage magazines work as a safeguard against theft and accidental detonation by improper storage and the environment.

Specifications

Model No	EL541
UPC	850066616093
Brand	U.S. Chemical Storage
Color	Red
Material Specifications	Steel
ATF Compliance	ATF 27 CFR, Part 555.208; ATF 27 CFR, Part 555 Subpart K
OSHA Compliance	Yes
Storage Type	Horizontal
Number of Doors	1
Dimensions, Exterior	18 inch H x 53 inch W x 21.25 inch D
Dimensions, Interior	17 inch H x 46.5 inch W x 16.5 inch D
Net Weight, lbs	200
DOT Code	49 CFR, Subtitle B, Chapter 1 18 USC, Part 842
Grounding required	No
Handle Type	Welded, stationary handles
Placement	Short term transport only
Construction details	Weather-resistant, Bullet-resistant
Paint Details	Phenolic alkyd resin base coat and an acrylic alkyd enamel topcoat - UV and corrosion resistance
