| Model No.              | SK 3173.100                                                                                                                                                                                                                                                                                       |
| Version                | for filter fans                                                                                                                                                                                                                                                                                   |
| Product description    | Made of chopped-fiber mat with a progressive construction. Temperature-resistant to 100 °C, self-extinguishing category F1 to DIN 53 438. Dust-laden air side: Open structure. Clean air side: Closed structure. Reliable filtering of virtually all types of dust from a particle size of 10 µm. |
| Material               | Chemical fibers                                                                                                                                                                                                                                                                                   |
| Note                   | Not suitable for use in EMC filter fans.                                                                                                                                                                                                                                                          |
