# DK 5302.011 - Air baffle plate for VX IT 482.6 mm (19") mounting angles, standard

To separate the hot/cold zones within an enclosure with aisle containment or when using an LCP system.

## Features

|                 |                                                                                                                                                                                         |
